PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 291.—In re Nashville Union Stock Yards (Inc.), Nashville, Tenn. On May 9, 1929, the Nashville Union Stock Yards (Inc.), filed a schedule of rates increasing yardage charges on all classes of livestock with the exception of horses and mules. On June 15, 1929, the acting Secretary of Agriculture suspended these rates and ordered an inquiry into the reasonableness of all charges. A hearing was held from July 1 to 8. The case was argued before the acting Secretary on July 30 and a finding made on August 2. Increases in yardage charges somewhat less than asked for were allowed, and the differential between the price paid for corn and hay by the company and the price charged the shipper was materially reduced. The new rates were ordered to become effective August 16, 1929.

NOTICE REGARDING REQUESTS FOR TRANSFER

Several times in recent months the bureau has been embarrassed by employees' declining to accept transfer after requests for such transfer had received favorable action. Such declinations caused extra correspondence for the bureau, and also needless expense, labor, and trouble to employees from other stations who were selected to fill the vacancies and had made preparations to report by giving up living quarters, packing household goods, etc.

Hereafter, requests for transfer will be entered on the records for one year from date of the request, and employees will be expected to proceed at once to any of the stations named in the request without expense to the bureau when duly notified within the year.

If after making the request an employee wishes to withdraw the name of any of the stations included in the request, such withdrawal must be given to the bureau before the Washington office has taken any action to transfer him.

All requests for transfer not renewed at the expiration of one year will be automatically canceled.

PAYMENT FOR BOOKS AND SUBSCRIPTIONS TO PERIODICALS

Books and subscriptions to periodicals are not properly purchasable under letters of authorization, and are obtainable only through the Washington office.
